

Make-up Assignment – The Common Cause Handbook

Sustainable Development – Project Management and Communication

This is the make-up assignment instructions for those that missed the Common Cause Handbook Workshop on 15 October 2014.

Instructions

- Read the questions and instructions thoroughly.
- The paper should consist of a written section plus a poster design.
- Size: 12, Spacing: 1.5, Font: Times New Roman.
- Put your name on the top of each page. For the title of the document, use your name plus assignment number (e.g. Per.Andersson.CommonCause).
- Submit your make-up assignment via email to sdproject@csduppsala.uu.se before the Project Fair on Tuesday 9th December.
- Incorporate the values from this assignment in the presentation for the Project Fair.

Assignment

Read through The Common Cause Handbook in the Course Reader or you can find an online version at valuesandframes.org.

- In your own words describe what are intrinsic and extrinsic values, give examples of these values.
- Choose at least five values from page 67 in the handbook that are important to you and five values that you feel are least important for sustainability. Explain your choices.
- Which values do you feel are used/promoted in your project? Design a poster or advertisement for your project that promotes your project's value(s). Make it visual, and bring a physical copy to the Project Fair.

There is no size restriction as this poster can be used during the Project Fair. If there are two or more members of the group that have to do this make-up assignment then you must do separate posters each promoting different values.
