If you missed all day, write 1000 words on the questions. If you missed half, write 500 words.

This seminar was little different since it revolved around your student initiated discussions. We used a form loosely based on Open Space and *built on the themes from the semester using the schedule.*

Your fellow students discussed many different topics. If you got the opportunity to choose any discussion topic of themes from the spring seminar series, which ones would you choose and why? If you could choose any 3 people to discuss it with (living or dead) who would you choose and why? **Use references to course literature in your answers.**
