

Extra task for missed Role Play

If you contributed to the group-process and the assignment on May 23rd, but only missed the actual day of the Role Play, answer question 1 using about 800 words.

If you missed the whole process, and did not do the assignments in the group as well as missing the Role Play day, answer question 2 using about 1500 words.

Send your answers to: malin.ostman@csduppsala.uu.se

- 1. Summarize your group work concerning the Role Play, what were the goals you were focusing on? What was your own role in the group?
What resources and references did you use?
Did your group have any alliances and why?**

- 2. What is the main purpose of the Sustainable Development Goals?
How is the real process of formulating the goals?
What are your predictions concerning the goals? Use references.
If you could arrange a UN-summit on any topic relation to Sustainability, what would it be any why? (Look here at the previous process, what topics have not yet been covered in the UN-summits?)
Who would be the main speakers at such an event?**

Good luck and have fun!/Malin
