

Extra task for missed seminar September 27th

If you miss more than one seminar, you need to submit the extra task for that specific missed seminar (or half). This also goes for the afternoon of October 4th and the ART-project assignment. Ask Malin if you need clarifications. ..

The different extra tasks will be posted continuously during the semester on the webpage...

If you missed the morning of September 27th submit minimum 500 words on the morning questions below – if you missed the afternoon, submit 500 words on the afternoon questions. Use a word document and send to my e-mail malin.ostman@csdupsala.uu.se. There is no deadline for the extra tasks (except you need to do them before the semester ends). Be sure to name the document with your name.

Morning questions:

Look at the document (you don't need to read all of it in detail! – chose parts, look at pictures and skim text) <http://www.government.se/sb/d/574/a/218986>

- Do you think the strategy is based on “strong” or “weak” SD?
- Using what you have discussed so far, (and potentially read through i.e. Sachs) – can you say something about the underlying worldviews presented in the strategy?
- How would you define “nature”? Does nature have a value outside the monetary value or not?

Afternoon questions:

- Do you think we need a common definition of SD?
- List 3 arguments for and three against a common definition.
