

Extra task for missed seminar March 21st

If you missed the whole seminar you should write about 1500 words on the questions below. If you missed half the day write 1000 words. Send the extra task directly to me at: malin.ostman@csduppsala.uu.se

Questions:

- **What does the concept of Biophilia mean? (Caroline Hägerhäll has some articles online, but also other sources can be used).**
- **How can knowledge about the topic of Biophilia be used practically? How is it important for Sustainability? How can you relate it to your own experience (work or studies)?**
- **Imagine you are a consultant employed to change an Uppsala University building (of your choice) into being more “biophilic”. You have a moderate budget, what can be done without using too many resources?**

Good luck and have fun!/Malin
