

## **Extra task for missed seminar September 19th**

Since you missed the seminar on September 19<sup>th</sup> you need to complete this extra task. Send it directly to Malin via e-mail. If you missed the whole day write about 1000 words, if you missed half of the day write around 500.

Since this was the first seminar of the course, please make sure you have gotten all the practical information needed and that you let Malin know that you were missing.

- Who inspires you?
- If you could arrange a seminar with any now living person, who would that be and why?
- Read the texts for the Seminar (found at [www.cemusstudent.se/msd](http://www.cemusstudent.se/msd) + handout)
- Choose a quotation from each text and discuss briefly its significance for the discussion concerning Sustainability.
