

## Extra task March 23rd

You shall submit this extra task to [malin.ostman@csduppsala.uu.se](mailto:malin.ostman@csduppsala.uu.se)

If you missed the whole day, you shall write 1500 words, if you missed half the day you shall write 1000 words on the questions below.

- Is spirituality (interpreted in a broad sense) important for creating a Sustainable Development? Why/why not?
- What are the advantages and disadvantages in using such a concept as *spirituality* when talking about Sustainable Development? Use examples!

**Best regards/Malin**
