

## Extra task April 27th

You shall submit this extra task to [malin.ostman@csduppsala.uu.se](mailto:malin.ostman@csduppsala.uu.se)

**If you missed the morning you shall write 1000 words on the first question. If you missed the afternoon, you shall write 1000 words on the second question.**

**If you missed all day, write 1500 words on the questions combined.**

This seminar was different since it revolved around your student initiated discussions. We used a form loosely based on Open Space. During the afternoon we attended the debate: *GRASPING SUSTAINABILITY – A debate on Resilience Theory versus Political Ecology*

Morning question:

Your fellow students discussed many different topics. If you got the opportunity to choose any discussion topic (within the field of SD), which one would you choose and why? If you could choose any 3 people to discuss it with (living or dead) who would you choose and why?

Afternoon question:

At <http://www.csduppsala.uu.se/devnet/> you can find more information about the debate. Read through and look at the material. What is your reaction? Do you agree/disagree? Is it a necessary debate? What arguments would you use for and against the both “views”?

**Best regards/Malin**
