

## Extra task Welzer Seminar

You shall submit this extra task to [malin.ostman@csdupsala.uu.se](mailto:malin.ostman@csdupsala.uu.se)

Since this was a literature seminar, and 3 hours long, this task is a bit different from the other seminar extra tasks...

You shall submit 1500 words on the questions below. Don't forget to reference.

- Motivate your quotation choices – for instance; do you agree? What is Welzer referring to? Why did you choose these particular quotations?
- Formulate a research question in relation to the book.
- End with a short reflection on the theme: *This is what influenced me most from the book...*
