

Extra task for missed seminar on November 23rd

Regardless if you missed the morning or afternoon you should write on the question below. If you missed half the day write about one page, if you missed the whole day write two pages.

- **If you could discuss anything that has come up during this fall Seminar Series, what would it be? Motivate your answer.**
- **If you could discuss this with any now living person/s who would you choose and why?**
- **What are the most important things you take with you from this semester?**

Best of luck and kind regards/ Malin
