

## Global Environmental History-distance

### Replacement assignment for missing attendance at one or more of the online seminars.

If you have missed attendance for one or more online seminars you have to do a written replacement assignment for each seminar you missed. If you have missed more than one online seminar you will use this same assignment to make up for all the seminars that you missed. You should follow the same instructions but answer the different discussion questions belonging to each individual seminar that you missed.

#### **Instructions:**

Use the discussion questions belonging to the online seminar that you have missed and answer them yourself in writing. If there are mandatory questions, you must answer these. Among the other questions you can choose which to answer. Your answers to the discussion questions must take up at least 2.5 pages and should not take up more than 4 pages. Please use font size 12 and line spacing 1.5.

The discussion questions for the online seminars can be found on the course website under "Online seminars".

**The final deadline** for submitting all replacement assignments is on **Friday December 21<sup>st</sup>**. You should always submit all course assignments through Studentportalen at [www.studentportalen.uu.se](http://www.studentportalen.uu.se). Please write both your **name** and **assignment name** as the document name, for example: sara\_klingstedt\_sem1.doc. If you have any problems with submitting assignments, please contact the course coordinators.
