

MAKING GLOBALIZATION WORK

Instructions for *Literature Review 1* (Mon 20 Oct.)

On October 20th, we will have one hour to discuss our understandings of *Making Globalization Work* by Joseph Stiglitz. For this day, make sure you have read the book. In order to frame the literature review, please follow the instructions below and submit your preparation on time (one day before the literature review).

Part I: Make a list of the concepts, ideas, technical words, arguments you did not understand/remain unclear about/would like to hear more about.

Part II: Choose **2 quotations**:

- **One** where the author is making a point you agree with, or find to be valuable
- **One** where you disagree, or that you do not think is valid or realistic

Also choose:

- **+ 1 policy/solution** you would like to discuss/know more about.

Write these quotations (make sure to write the page number) along with your name in a word document or pdf (e.g. timothée.parrique.stiglitz.docx). Upload your paper on the File Area on [Studentportalen](#) titled '*Literature Review 1*' before **Sunday, 19th of October 23:59**.

Bring **1 copy** of your 'paper' with the quotations with you to the lecture on the 20th of October.
